TOMÁS JACOB
Frontend Developer @ Frotcom International

Hello, my name is Tomás and I am a **Frontend Developer**. Currently, I work at Frotcom International, in Oeiras, helping to create its fleet management solution. I thoroughly enjoy building websites and platforms, that make people's lives and work easier. My prefered tool is **VueJS** and its related frameworks and libraries such as **Nuxt**. Outside of work I am passionate about sports and music, with a keen eye for concerts.

Experience

Frontend Developer @ Frotcom International (2021 - 2022)
At Frotcom, I am part of the frontend team, responsible for its fleet management web application. It is built with VueJS, amongst other tools.

Junior Web Developer @ Softway (2019 - 2021)
At Softway, I helped create institutional websites, for a variety of customers. Most were built with vanilla web languages, such as PHP, HTML, CSS and Javascript. We also used some frontend libraries and tools such as Bootstrap and SASS.

Student @ Técnico Lisboa (2013 - 2019)
During my years studying at Instituto Superior Técnico I was actively involved in student groups and activities such as NEETI and AEIST. I also had the opportunity to work and organize a magnitude of events such as BreakingDev, SET and others, mostly in management duties, but also in developing technological solutions.
